

Equivalency Determination

CAF America can expedite charitable donations to more than **1.8 million organizations** in **120 countries** around the globe

CAF America's comprehensive Equivalency Determination (ED) service is the method by which we collect information on a foreign charitable organization in order to make a "good faith determination" as to whether or not it is the equivalent of a United States public charity described in sections 501(c)(3) and 509(a) of the Internal Revenue Code.

THE CAF AMERICA ADVANTAGE

As the leader in cross-border giving, CAF America's due diligence processes go beyond the IRS requirements, ensuring that the beneficiaries of your advised grants are in compliance with the law, as well as our established best practices. Guided by the **3 Rs of International Grantmaking - regulatory compliance, risk mitigation, and reputation protection** - our services ensure safe and effective international giving.
